October 24, 1991

REPLY TO ATTENTION OF:

Bitsy Schaffner, President  
Union Township Board  
9113 Cincinnati-Dayton Road  
West Chester, Ohio 45069

Dear Ms. Schaffner:

The purpose of this letter is to request Union Township assistance in installing Superfund signs near the entrance of the Skinner Landfill site. In June 1991, the United States Environmental Protection Agency (U.S. EPA) installed Superfund signs on the larger "Dump Closed" sign near the entrance of the Skinner site. These signs were "mysteriously" painted over.

It was suggested by Karl Morgenstern to provide the local community with signs. In the event that these signs are vandalized again, these signs could be easily and promptly replaced. He also indicated to me that this area could be patrolled more frequently to deter any further vandalism. He requested this letter authorizing the installation of signs by the local community.

On October 17, 1991, I dropped off four new Superfund signs at the Union Township Administrative Office along Cincinnati-Dayton Road. Please replace the old signs.

Should you foresee any problems regarding the installation of signs, please give me a call at 312-353-6083. Thank you for your assistance.

Sincerely,

Fred R. Bartman
